

# Vicon Machinery

*Where Superior Duct Work Begins.*

---

**Job Title:** Vicon Manufacturing Facility Technician

**Location:** Pevely, MO

## About Vicon

Vicon Machinery, LLC manufactures precision sheet metal machinery used in HVAC duct fabrication. Our Pevely, MO location designs, engineers, and builds coil lines, rollformers, and other advanced systems that help shops streamline duct production.

## Position Summary

The Manufacturing Facility Technician supports daily production operations on the factory floor. This role is hands-on, with a strong emphasis on **mechanical skills, machine assembly, and general production support**. The ideal candidate enjoys working with tools, solving problems, and contributing to the efficient build of Vicon's industry-leading machinery.

## Key Responsibilities

- Assemble mechanical components, sub-assemblies, and full machinery systems according to drawings and work instructions.
- Use hand tools, power tools, and precision measuring instruments to perform fitting, fastening, and alignment tasks.
- Support manufacturing operations including cutting, drilling, grinding, and basic fabrication as required.
- Assist in setup, testing, and quality checks of equipment prior to shipment.
- Perform basic troubleshooting on mechanical systems and make adjustments to ensure accuracy and function.
- Handle materials, parts, and components safely and efficiently using forklifts, cranes, or hoists (training provided if needed).
- Follow safety standards and maintain a clean, organized work area.
- Collaborate with production, engineering, and service teams to meet deadlines and quality goals.

### **Qualifications**

- High school diploma or equivalent required; technical or trade school training a plus.
- General mechanical aptitude and ability to work with tools, machinery, and shop equipment.
- Ability to read and interpret basic shop order work instructions.
- Strong attention to detail and commitment to producing quality work.
- Willingness to learn and grow in a fast-paced manufacturing environment.

### **Physical Requirements**

- Ability to lift up to 50 lbs. and work on your feet for extended periods.
- Comfortable with hands-on work involving tools, machinery, and industrial equipment.

### **What We Offer**

- Competitive wages with opportunities for overtime.
- Full benefits package (Paid time off, health, 401k).
- On-the-job training and growth opportunities in advanced manufacturing.
- A supportive team environment within a global company.
